

HAIMER – working all over the world

**HAIMER®**  
Quality Wins.

**Personal Invitation for  
Grand Opening & First Open House**

26.04. – 30.04.2016

# HAIMER – working all over the world

## WELCOME!

According to this motto we want to welcome you to our company headquarters in Igenhausen from the **26<sup>th</sup> through 30<sup>th</sup> of April 2016** between the hours of 9:00 am and 5:00 pm.

During this 5 day event we will provide you with the opportunity to experience the world of HAIMER.

With our large investment in a highly modern cutting tool grinding facility, as well as an application center, we further expanded our headquarters in Igenhausen into a „Center of Excellence Tool Holding & Milling“.

During our first in-house exhibition and the official opening of our application center we will present you with our wide range of innovative tooling technologies. Interesting guest speakers from our

industry, company tours and networking with top-level technology partners, round off our program.

Get inspired by our passion for precision and quality. Visit Europe's biggest production plant for tool holding technology and the world market leader for tool balancing and shrinking technology.

Register online at **[www.haimer.biz/open-house](http://www.haimer.biz/open-house)** for your visit at HAIMER (Participation only with a previous registration and entrance ticket).

**We are looking forward to your visit!**

Claudia Haimer

Franz Haimer
