

EZgo with ImageControllerbasic

EZgo350/420/600 ICbasic

The EZset with ImageControllerbasic convinces with extremely simple menu operation and precise measuring results. Operate ICbasic image processing using the EZclick knob / push button. With EZclick, you control the menus on the 7" monitor, select functions, and confirm them with the push of a button.

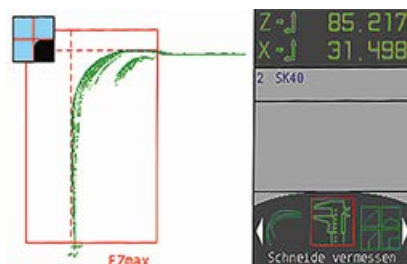

EZset with ICbasic	Measurement Range Z	Measurement Range X	Snap Gauge
EZset350	350 mm	320 mm	0 mm
EZset420	420 mm	420 mm	100 mm
EZset600	600 mm	420 mm	100 mm

Dynamic crosshairs for automatic and fast measurement independent of the operator

EZnavigator – compass needle for simple camera positioning to measure nominal values (option)

EZmax – Software function for determining and measuring the tool contour

Cutting edge inspection – 12-fold magnification of the cutting edge in incident light for quality control (option)

Your advantages and benefits:

- Easy to use and quick to learn with minimal training
- SK 50 high-precision spindle with integrated calibration spheres including spindle indexing and braking
- Fast measurement, setting and testing of tool cutting edges (length, diameter)
- EZmax software function to determine and measure the maximum contour of the tool
- Various measuring programs for simple measurement like radial and axial run-out of the tool cutting edge in the μm range
- Quick and easy printing of the measuring results on labels (option)
- EZset one-hand control handle for quick, concurrent positioning of the Z- and X-axes
- Data output via RS232 interface

Options:

- Base table
- Cutting edge inspection (12-fold magnification of the cutting edge in incident light)
- Projector function
- Software function for the output of thermal labels
- Tool management
- EZnavigator – compass needle
- Pneumatic spindle indexing and spindle brake
- SK 50 vacuum tool mounting spindle
- Adapter and utensil tray (only available with base table)
- Adapter SK, HSK, Capto, VDI and many more
- EZspindle-protection
- Label printer

EZgo with ImageControllerbasic

EZgo350/420/600 ICbasic

Quantity	Description	ID-no.	Unit price £	Total price £
	EZset 350 ICbasic (MR Z=350/X=320 SG=0)	EZ35032000	6.350,00	
	EZset 420 ICbasic (MR Z=420/X=420 SG=100)	EZ42042000	6.850,00	
	EZset 600 ICbasic (MR Z=600/X=420 SG=100)	EZ60042000	8.350,00	
	Base table	EZBASE	850,00	
	Vacuum clamping for SK 50 spindle	EZVAKUUM	610,00	
	Spindle brake	SPINDEL-BRAKE	330,00	
	4 x 90° spindle indexing	SPINDEL-INDEX	290,00	
	Cutting edge inspection	ICBINSPECT	200,00	
	Additional measuring values (radius and angle)	ICBSW-PACK1	200,00	
	Additional Measuring Programs	ICBSW-PACK2	200,00	
	Tool Management	ICBSW-TOOLS	200,00	
	Adapter SK 30/40 (further sizes on demand)	EZADSK	380,00	
	Adapter HSK size	EZADHSK	545,00	
	Adapter VDI size	EZADVDI	795,00	
	Adapter			
	Thermo label printer	EZ9734882-01	325,00	
	Maintenance unit	EZMAINTAIN	99,00	
	Packaging	EZPACK-GO	250,00	
	Shipment	EZHIP		
	Service and support	EZSERVICE
